Subject: Freedom convoy - warroomcanada.net

Good evening everyone,

I am a recently resigned RCMP Officer from National Division here in the NCR. I was recently asked to come help organize the volunteer security for the group warroomcanada.net. This group has taken on the task of reception and hosting the truck convoys converging in Ottawa. Please rest assured that all organizers of the convoy group are operating under strict instructions that every single person involved must be respectful and lawful at all times. Any information you may come across on social media platforms, or other sources, about obtaining MP's addresses or instigating any kind of insurrection are completely false. The single largest concern of everyone involved is that outside influences will attempt to instigate an action that will damage the credibility of the official convoy group and supporters.

I will be your main point of contact regarding volunteer security. If you have any concerns please don't hesitate to contact me.

Personal Info.

Thank-you for your time and assistance.
Danny
